# GET CLEAN™

Safe for you, your home,  
and your planet.™

32 fl. oz.  
Softens **64** Loads

## Soft Fabric Concentrate

Here's a clean-smelling, silky softener that reduces wrinkles and takes out static cling better than what you've probably been using. And thanks to the super-concentrated formula, you not only use less, but you actually can hold it in your hand.

## Benefits

- Superconcentrated – 32 ounces softens 64 loads. One small bottle softens 64 loads – the same amount as 195 ounces of Downy®!\*
- Get better control of static cling for less. Comparing cost per load not just cost per ounce — smart shoppers know they use less Get Clean Soft Fabric because it's concentrated.
- Small bottle is easy to carry, pour, and store – small size fits on your shelf.
- Softens fabrics, reduces wrinkles.
- Makes ironing easier.

## Helpful Tip

Use Soft Fabric liquid in the washer followed by a Soft Fabric sheet in the dryer. The liquid will help reduce wrinkles and the sheets will control static cling. Plus, your family's laundry will be softer than ever.

Tip: Washing clothes in cold water can save up to 10 cents per 8 lb. load, assuming use of an electric water heater and U.S. average electric rate (Consumer Reports 2005).
