Fresh Laundry Concentrate (Liquid) ☆

Here's a fresh idea: Prespot your laundry with the same thing you use to wash it. This two-for-one concentrate doesn't just outperform leading detergents. It also out-removes big-name spot removers. And does it without removing natural resources. How's that for a breath of fresh laundry?

Benefits

- Superconcentrated – one small bottle cleans 32 loads, the same number as a 100-ounce bottle of conventional liquid laundry detergent.
- Super performance in a small package – enzyme-activated natural cleaners deliver a powerful clean that rivals leading brands.
- Two-in-one product – outperforms Shout® and Spray n' Wash® in stain removal. Outperforms All® Small and Mighty® as laundry detergent for removal of dirt and stains.*
- Small bottle is easy to carry, pour, and store – small size fits on your shelf.
- Natural enzyme power boosters for color-safe whitening.
- Formulated to help prevent dyes in colored clothes from transferring from one garment to another during wash.

Did you know?

Many laundry powders may contain irritants that can be absorbed through the skin or inhaled, a common cause of allergic response. Triethanolamine dodecylbenzenesulfonate is such an irritant, and is on the EPA and DOT hazardous substances list. Contact can irritate and burn the skin and eyes, breathing it can irritate the nose, throat, and lungs, causing coughing, wheezing, or shortness of breath. Repeated skin contact may cause dryness, itching, chronic irritation, and rash.

Fresh Laundry Concentrate does not contain these hazardous ingredients.

Tip: Washing clothes in cold water can save up to 10 cents per eight-pound load, assuming use of an electric water heater and U.S. average electric rate (Consumer Reports 2005).
