10 Reasons Why Shaklee's Cinch[®] is an Exceptional Value

Clinically tested[†] and specially formulated to help you break the diet cycle so you:

- **keep muscle** you have
- **burn fat** you don't need
- **lose inches** you don't want

1. The Real Deal

With the Cinch Inch Loss Plan, which includes a regimen of protein-packed shakes and energy-boosting teas, you will lose inches and pounds. Period. Our medical doctors, nutritionists, and scientists have drawn on years of sports and nutrition science to develop a plan that works. In fact, those who participated in our clinical study lost an average of 16.3 pounds of fat, 4.1 inches from their waists, and 2.6 inches from their hips over a 12-week period.[†]

2. Easy on Your Wallet

Why pay for calorie-rich fast food that can add more inches to your waist when you could have a tasty, wholesome, protein-rich Cinch meal replacement for a fraction of the cost?

Meal**	Cost	Calories	Protein (grams)	Fat (grams)

3. One Word: Leucine

Our tasty Cinch shakes, Meal-in-a-Bars, and snacks are Powered by Leucine[™], a muscle-retaining amino acid that helps you keep muscle while you lose fat and inches. Why are muscles important? **Muscle = Metabolism**. This translates into more calories burned and fewer inches on your waist. Good? Yes! It's the key to long-term success. In fact, those who were tested in a clinical study lost fat, pounds, and inches while retaining 100% of their lean muscle mass.[†]

10 Reasons Shaklee Cinch

4. Pleases Taste Buds, Satisfies Hunger

Not only do Cinch products taste great, they're packed with protein so you feel full and not deprived. More than 90% of participants in a study reported that their energy levels were either "very good" or "great" while on the Cinch Inch Loss Plan.[†] The program provides loads of nutrition and includes our Cinch 3-in-1 Boost™, which helps reduce cravings by retaining normal blood-sugar levels, and two flavors of Cinch Energy Tea mix to help keep you feeling great all day long.*

5. Packed with Goodies—And Then Some

Every Cinch shake and Meal-in-a-Bar is high in protein and provides a healthy serving of vitamins, minerals, and fiber. When mixed as directed, our shakes—available in four great flavors: vanilla, chocolate, strawberry, and café latte—deliver 24 grams of protein per serving while each Meal-in-a-Bar contains 20 grams. Choose from Berry Almond Crunch or Peanut Butter Chocolate Chip. Many people continue to use the shakes, bars, and the tea mix after they lose weight simply because they enjoy the great taste.

"After dropping 103 pounds, my doctor said I don't need blood pressure meds.[§]

I don't worry about my knees, and I don't desire fast food and 'toxic-to-the-waistline' cuisine. Despite my previous knee issues, today I run a mile or more four to five times a week!"
