Helps Build Bones

Chewable Cal Mag Plus provides important nutrients for the development of healthy bones and teeth. Combined with regular exercise and a healthy diet, supplemental calcium may reduce the risk of osteoporosis later in life, especially for young white and Asian women, and the elderly. Calcium helps you reach peak bone density, minimize bone loss, and slow bone breakdown. It helps reduce PMS symptoms, helps retain normal blood pressure, and promotes colon health. Adequate calcium intake is important, but daily intake above 2,000 mg is not likely to provide any additional benefits.

Chewable Cal Mag Plus provides 1,000 mg of elemental calcium, with 100 mg of magnesium, vitamin D to stimulate calcium absorption, and other bone-health minerals that aid in the proper utilization of calcium.

Gluten free. No artificial flavors, sweeteners, colors, or preservatives added.

Bottle has printed seal under cap for your protection.
