Introducing Shakleebaby™ and Shakleekids™

**Introducing Shakleebaby™ - Always Safe. Always Gentle. Always Healthy.
Open Order 5/1**

Babies are the most precious gifts in the world. Keep yours happy and healthy with Shakleebaby. Safe, pure, and natural, our pediatrician tested baby care products are formulated to keep your little one's bottoms soft, itty-bitty toes clean, and growing body healthy.

Gentle Wash

Clean, fresh baby. This extra gentle wash is made with organic chamomile and lavender, pH balanced and sensitivity tested to shower even the most tender skin with love. 99% Natural; 76% Organic.

#30108 <http://www.shaklee.net/mimc/>

Soothing Lotion

So soft. Organic sunflower seed oil and shea butter moisturize, and organic chamomile and lavender soothe. 99% Natural; 87% Organic.

#30106 <http://www.shaklee.net/mimc/>

Diaper Rash Cream

Naturally soothing. Zinc Oxide protects baby's delicate skin from wetness, keeping skin healthy and dry, and helps heal diaper rash. Organic and natural oils keep skin hydrated and smooth while chamomile, aloe, and calendula extracts soothe. 99% Natural. 78% Organic.

#30109 <http://www.shaklee.net/mimc/>

Massage Oil

Perfect for massaging baby or moisturizing after a bath. With organic sunflower oil, lavender, and chamomile to moisturize and smooth. 99% Natural, 99% Organic.

Defend & Resist Complex

For Seasonal Immune Support*

Defend & Resist Complex can help your body respond to seasonal challenges by giving your immune system what it needs to stay strong, with a unique formula based on standardized extracts of herbs.*

Defend & Resist Complex
90 tablets
#20613

CHALLENGE

The immune system protects the body from bacteria, viruses, fungi, and other harmful organisms. At times of the year when you're more likely to be slowed down by immune challenges, it's more important than ever to keep your immune system up to speed.

DEFEND & RESIST COMPLEX

Scientific studies suggest that along with a healthy diet and getting enough rest, consuming certain herbal ingredients can help you be prepared for the moment when you first feel the need to bolster your immune system.* Defend & Resist Complex can help your body respond to seasonal challenges by giving your immune system what it needs to stay strong,* with a unique formula based on standardized extracts of herbs.

- **Stimulates the body's natural resistance*** — *Echinacea purpurea* is the most studied herb species. Echinacea contains plant components (herb and root) rich in cichoric acid, and alkylamides with immunoactive properties.*
- **Maintains a healthy immune response*** — *Black Elderberry* is a rich source of polyphenols and anthocyanadins, powerful phytonutrients that help maintain the immune system.*
- **Enhances immune support*** — *Larch Tree* enhances Echinacea's benefits with immunoactive arabinogalactans extracted from the heartwood of the Larch Tree.*
- **Provides Zinc** — Daily intake of **Zinc** is important for proper immune function.*

WHO MIGHT BENEFIT FROM DEFEND & RESIST COMPLEX?

- Anyone looking for a natural product that supports healthy immune function in the face of seasonal challenges.
- People who would like to minimize the "downtime" sometimes experienced during seasonal transitions.
- Adults and children who want to be prepared for the first moment they feel the need to bolster their immune system. (See below for recommended use.)

HOW SHOULD DEFEND & RESIST COMPLEX BE USED?

Defend & Resist Complex is offered in tablet form. Tablets may be swallowed, dissolved in the mouth, then chewed, or even crushed and mixed as a tea without degrading the benefits of the herbs. To supercharge the immune system when you start to feel the need,* take six tablets daily for about seven days.

- Recommended serving size for children 4–12 years is 2–4 tablets per day for about seven days.

There are four ways to take the six-tablet daily serving of Defend & Resist Complex throughout the day:

- Swallow.
- Chew.
- Drink it dissolved in hot water as a tea.
- Dissolve it in your mouth, then chew.

WHAT'S IN DEFEND & RESIST COMPLEX?

Supplement Facts	
Serving Size: 6 tablets	
Servings Per Container: 15	
Amount Per Serving	
Calories 15	
	% Daily Value*
Total Carbohydrate 4 g	<1%**

Stevia (<i>Stevia rebaudiana</i>) (leaf) 480 mg	†
** Percent Daily Values are based on a 2,000 calorie diet.	
† Daily values not established.	

Other Ingredients: Maltose, microcrystalline cellulose

IS THERE SCIENTIFIC EVIDENCE FOR THE INGREDIENTS IN DEFEND & RESIST COMPLEX?

Recent studies have shown that cichoric acid and alkylamides found in the Echinacea plant have immunoactive properties.* It has also been demonstrated that these phytonutrients occur in higher concentrations in the leafy parts of the plant than in the root. In laboratory tests, Echinacea boosts the production and activity of white blood cells.* Echinacea provides natural support for the body's immune system.*¹

Black Elderberries are a rich source of antioxidant compounds called anthocyanidins and polyphenols. Scientific studies have shown that Elderberry extract can help the body maintain a healthy immune response.*²

There is evidence that Echinacea's benefits are enhanced by immunoactive arabinogalactans that are extracted from the heartwood of the Larch Tree.* Scientific studies show that arabinogalactans, polysaccharides found in Larch cells, boost important indicators of immune system function.*

WHY CHOOSE DEFEND & RESIST COMPLEX?

- Exclusive blend of immunoactive ingredients shown to stimulate the body's natural resistance during seasonal challenges*
- Formulated with standardized extracts to provide the levels of phytonutrients reflected in the scientific literature
- Extremely versatile product form — can be swallowed, dissolved in the mouth, then chewed, or crushed and made into a soothing tea
