Highest quality, biologically complete soy protein, and an energy boost that lasts for hours. Shaklee Energizing Soy Protein provides 14 grams of the highest quality non-GMO soy protein with all the amino acids, including the nine essential ones your body needs but cannot manufacture itself. And unlike protein from meat, eggs, and dairy, it's naturally low in fat. It's also naturally lactose and cholesterol free.

Shaklee Energizing Soy Protein sustains energy and helps ward off hunger because it provides a constant source of energy to your bloodstream. It also contains five essential B vitamins, half the Daily Value for calcium, and soy isoflavones associated with heart, bone, breast, and prostate health.* Studies have shown that soy helps regulate hormonal balance during the transitional period of menopause.* This non-GMO soy protein is produced under an Identity Preservation Program (IPP), which means that the soybeans are tightly monitored and controlled from planting through processing.

Gluten free. No artificial flavors, sweeteners, colors, or preservatives added. Vegetarian formula.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction. Shaklee recommends Cinch® Inch Loss Plan for weight management.

NG326B **NOTICE:** Should not be used by infants under 1 year of age without consulting a physician.
