## ProSanté

For Healthy, Gorgeous Hair

### Long-Lasting Finishing Spray

Ultimately, the most important reason to have healthy hair is so it looks great, feels fabulous, and doesn't surprise us with unruly behavior.

Yet even when we look our best leaving the house in the morning (or heading out for an evening on the town), sometimes our hair style suffers as the hours pass. Humidity is a particular enemy of the smooth, sleek style; heat and wind can rapidly flatten curls. That's why a holding product plays as essential a role in our hair-care routine as shampoos and conditioners.

**The Problem:** In the name of "hold," many hair sprays produce a helmet instead—stiff, sticky, impossible to comb, brush or restyle during the day, and a magnet for all the things we want to keep OUT of our hair: dust, dirt, and pollutants.

**The Solution:** ProSanté Long-Lasting Finishing Spray provides all hair types with natural, medium hold without stickiness, flaking or buildup. Controls even hard-to-hold styles through humidity, wind, and physical activity while remaining touchably soft and flexible and receptive to comb- brush- or finger-restyling without losing its medium but firm control.

Featuring **exclusive Scalp Health Complex**, a unique combination of 10 derma-available vitamins, minerals and herbs that nourishes and revitalizes scalp and hair.

### Long-Lasting Finishing Spray

#31697 8 fl oz 237 ml

- Fine, even mist keeps hair soft and manageable, tame flyaways, give hair a sleek finish and help tone down frizz in curly hair
- Firm yet flexible medium hold, even in high humidity or wind
- Features Panthenol to strengthen hair against breakage, boost softness and shine
- UV protection helps protect color and prevents heat and sun damage
- Fragrance free

### Healthy Hair Maintenance

An important finishing step, hairspray helps maintain your hair's style through wind and rain—and also provides a crucial layer of protection against environmental stresses.

### **Medium hold that also helps protect hair from UV damage:** ProSanté Long-Lasting Finishing Spray

Finishing Spray coats hair with a fine mist, helps keep hair in place, and seals out style-wrecking humidity. In addition, antioxidants and UV protection guard against damage from the sun and environmental pollutants.

Non-aerosol pump-spray provides on-the-spot application control for a clump-free finishing touch that feels flexible and full. It provides styling versatility and control with no stiffness, stickiness, flaking or buildup.

Suitable for all hair types, Finishing Spray mists finely to maintain:

- **Shine.** Helps all hair types and styles maintain a healthy-looking luster that lasts all day.
- **Softness.** Hair feels good, with extra body.
- **Brushability.** Does not shellac the surface of your style, so you can refresh with brush or finger-combing and still enjoy medium control.
- **No flyaways.** Non-drying formula actually keeps hair supple and manageable. Gives straight hair a sleek finish and helps tone down frizz in curly hair.

### **ProSanté—Complete Care You Can Personalize for Your Hair Type**

In addition to providing the positive benefits of the most state-of-the-art nourishing and protective hair care ingredients, each ProSanté product has been carefully formulated and repeatedly tested to exclude any ingredients shown to irritate the scalp or otherwise produce negative results.
