Introducing Shakleebaby™ and Shakleekids™

**Introducing Shakleebaby™ - Always Safe. Always Gentle. Always Healthy.
Open Order 5/1**

Babies are the most precious gifts in the world. Keep yours happy and healthy with Shakleebaby. Safe, pure, and natural, our pediatrician tested baby care products are formulated to keep your little one's bottoms soft, itty-bitty toes clean, and growing body healthy.

Gentle Wash

Clean, fresh baby. This extra gentle wash is made with organic chamomile and lavender, pH balanced and sensitivity tested to shower even the most tender skin with love. 99% Natural; 76% Organic.

#30108 <http://www.shaklee.net/mimc/>

Soothing Lotion

So soft. Organic sunflower seed oil and shea butter moisturize, and organic chamomile and lavender soothe. 99% Natural; 87% Organic.

#30106 <http://www.shaklee.net/mimc/>

Diaper Rash Cream

Naturally soothing. Zinc Oxide protects baby's delicate skin from wetness, keeping skin healthy and dry, and helps heal diaper rash. Organic and natural oils keep skin hydrated and smooth while chamomile, aloe, and calendula extracts soothe. 99% Natural. 78% Organic.

#30109 <http://www.shaklee.net/mimc/>

Massage Oil

Perfect for massaging baby or moisturizing after a bath. With organic sunflower oil, lavender, and chamomile to moisturize and smooth. 99% Natural, 99% Organic.

#30107 <http://www.shaklee.net/mimc/>

Multivitamin & Multimineral Powder

One of the most comprehensive infant-toddler supplements available, it contains prebiotics to help promote a healthy immune system and bundles of vitamin D to support strong bones and teeth. Star-K Certified. *

#20057 <http://www.shaklee.net/mimc/>

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

Introducing Shakleekids™ - Supersmart. Supersafe. Supernutritious.
Open Order 5/1

Behold the powers of Shakleekids Mighty Smart and Incredivites! These dietary supplements are made with supersafe ingredients that bring out the best in kids, like rad vision, smart noggins, and a rockin immune system. *

Incredivites™

Shakleekids Incredivites is the first kids chewable multivitamin in the U.S. with lactoferrin, a protein that helps busy bodies' immune systems stay supercharged. Packed with 23 essential nutrients, it's one of the most comprehensive supplements available - with 600IU of vitamin D to support strong bones and teeth, and 100% of the daily value for vitamins C and E per serving. *

#20002 <http://www.shaklee.net/mimc/>

Note: Vita-Lea® Ocean Wonders™ will continue to be available.

Mighty Smart™

Shakleekids Mighty Smart is scientifically formulated with a power-packed blast of ultra-pure DHA. Essential for early brain development, this omega-3 fatty acid has been shown to support mighty memory, mad concentration, and fierce mind skills. Star-K Certified.

System Overview

personal care

ProSanté

For Healthy, Gorgeous Hair

As we cut it, grow it, color and style it, our hair reflects our moods, activities, and constantly evolving sense of self. Men, like women, experience hair damage. While 50% of men will experience related hair thinning in their lifetime, 40% of women also experience noticeable signs of similar hair thinning by age 35. And everyone's hair constantly suffers damage due to poor diet and nutrition, chemical-processing (dyeing, curling, straightening), heat-styling (blowers, curlers, irons), plus life's ever-increasing stresses and time constraints.

At last, ProSanté from Shaklee solves the two most common hair problems: damage and related thinning.

For nearly half a century, Shaklee has led the scientific world in understanding how to nourish both the body and the skin. Now this unparalleled expertise has been applied to hair care, with an exclusive, natural approach that addresses the root of hair problems: the scalp.

Extensive clinical testing has shown that the ProSanté hair care system naturally and dramatically reduces hair loss during combing, increases thickness, and decreases breakage for all hair types. The ProSanté system does not strip or dry your hair and actually helps your hair retain moisture and resist damage. The result is vibrant, lustrous hair that looks, feels, and behaves in the healthiest way imaginable.

Independent clinical studies have shown the following results with consistent use of the ProSanté system of products.

	30 Days	60 Days	90 Days
Reduction of hair loss during combing	11%	54%	65%
Decrease in the number of broken hairs	37%	61%	73%
Percentage of subjects that noted an increase in the thickness of their hair	46%	52%	61%

One simple, flexible system you can personalize to meet your unique hair needs in every situation

Every head of hair needs a different routine of gentle cleansing, restorative conditioning, and protection against damage to look and feel fantastic in every season and in every kind of weather. Designed to not strip color or moisture from hair, each ProSanté product features Shaklee's exclusive Scalp Health Complex, a clinically formulated, highly derma-available blend of 10 vitamins, minerals and herbs. Used as a complete system, ProSanté supports an optimally healthy scalp and volumized, healthy-looking hair that lives up to its full potential.

Perm- & Color-Safe, Gentle & Effective

See page 4 for a helpful product usage schedule.

Hair Problems Start With the Scalp

Given optimal scalp conditions, your hair experiences a natural cycle of alternating active and resting phases. However, the effects of common internal and external stresses can shut down or depress hair follicles, shortening the active phase of hair bulbs and causing more and more bulbs to experience an extended resting phase. Over time, the result is finer, thinner, weaker and less manageable hair.

• **Processing & styling damage**

Chemicals from dyes, perms and straightening, plus heat from styling tools can leave hair blistered and porous, split and stretched, dull and limp.

• **Environmental assaults**

Extreme weather, UV rays from the sun and indoor lighting, and a vast array of air and water pollutants can depress hair follicles and damage hair, making it weaker and more prone to breakage.

• **Physical stresses**

Life's everyday stresses can cause hair follicles to be undernourished and "tired," leading to higher numbers of "resting" hairs, and hair which may be thin, fine and fragile.

• **Oxidative damage**

Left unchecked, free radicals can start a cascade of damage, leading to unsightly and uncomfortable flaking and itching, or excess oil.

The ProSanté Solution Also Starts With the Scalp

To support an optimal environment for healthy-looking hair, the whole range of stresses faced by the scalp must be addressed. Featuring Shaklee's exclusive naturally-derived Scalp Health Complex, a blend of 10 vitamins, minerals, and herbs that nourishes the scalp and hair:

Energizes hair follicles. Swertia and Ginseng gently stimulate blood circulation and provide energy for the living hair bulbs.

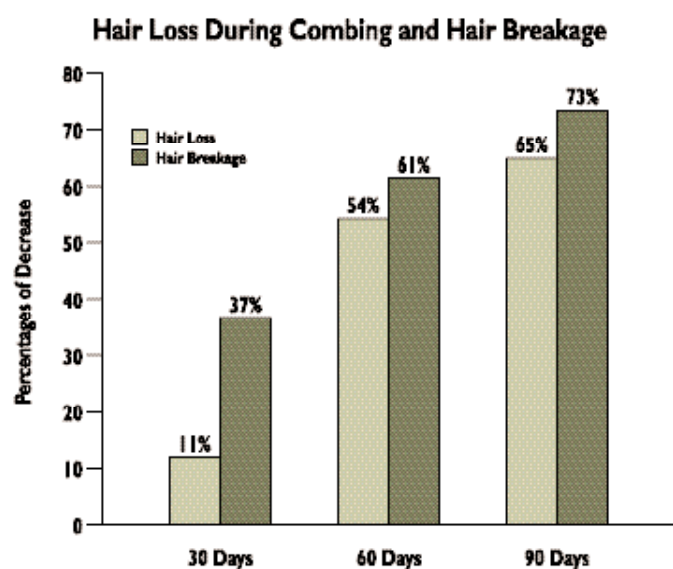

Strengthens hair and boosts softness and shine with Panthenol.

Protects against pollutants. Tea Tree Leaf Oil supports the scalp's natural ability to avoid clogged hair follicles. Antioxidants—Superoxide Dismutase (SOD), and Green Tea Extract (Camellia Sinensis Leaf Extract)—protect against environmental stresses and keep scalp feeling comfortable.

Reduces the appearance of oiliness and flaking with Zinc PCA, Vitamin B6, and Saw Palmetto (Serenoa Serrulata Fruit Extract).

Soothes irritation. Green Tea Extract (Camellia Sinensis Leaf Extract), Dipotassium Glycyrrhizate soothe environmental irritation and support the scalp's natural oil/moisture balance. Scalp metabolism is further supported with essential skin minerals including Copper, Zinc, and Manganese.

Results You Can See, Feel, and Measure

When independently tested according to exacting clinical standards, the ProSanté hair care system helped to significantly repair the appearance of damaged hair in just 30 days and promoted increasing improvements with continued use:

Less Hair Loss During Combing: The amount of hair lost during combing was reduced by 65%.

Less Breakage: The actual numbers of broken hairs decreased by as much as 73%.

Thicker Hair: 61% of test subjects experienced visibly thicker hair.

Volumized Hair: 55% of users noted a significant increase in the volume of their hair.

What's NOT in ProSanté?

Sometimes what stays OUT of personal care products is just as important as what goes IN. ProSanté products use only state-of-the-art nourishing ingredients that support the hair's natural structure, oil/moisture balance, and healthy-looking thickness, bounce and shine.

- No Sodium Lauryl Sulfate (SLS) or Sodium Laureth Sulfate (SLES)
- No Cocamide DEA or Lauramide DEA
- Safe for all hair types, even colored or chemically treated hair
- pH Balanced
- No occlusive oils
- No Propylene Glycol
- No Quaternium 15
- No "Formaldehyde donor" preservatives (such as Imidazolidinyl Urea or Diazolidinyl Urea)
- No colors or dyes
- Non-drying, non-stripping
- Dermatologist tested
- Clinically tested
- Won't clog hair follicles
- No animal testing

Supporting Healthy-Looking Hair Where It Starts: Nourishing Scalp Treatment

ProSanté Nourishing Scalp Treatment normalizes the scalp to provide the optimal environment for thick, healthy hair. The energizing and protective benefits of our exclusive Scalp Health Complex – delivered in an extremely gentle yet intensive treatment form – will improve the shine, color, thickness and texture of hair over time.

When too many of your hair follicles are “resting”, new hair production is reduced. The hair you have is subjected to further damage from additional styling and environmental assaults. This makes it look thin and limp, feel brittle and weak, and behave badly. Your hair also becomes even more vulnerable to damage from chemicals used to color, curl and straighten it.

Nourishing Scalp Treatment gets right to the root of the problem with a highly derma-available serum that stimulates circulation, protects against environmental assaults, and provides nourishing ingredients to the scalp.

The result is hair that stays strong from the inside-out even when chemically processed, resists breaking and splitting, and maintains vibrant and healthy-looking thickness, bounce and lustrous shine.

Nourishing Scalp Treatment #31696 2 fl oz 59 ml

- Proven to reduce hair loss during combing and naturally thicken and strengthen hair when used as part of the ProSanté system
- Contains an exclusive, highly derma-available naturally derived complex in an intense treatment form to foster healthy-looking hair as it grows
- No-rinse formula is gentle enough to use every day for immediate benefits and increasing results
- Absorbs instantly and is never greasy
- Clean, botanical scent; no added fragrance
- pH balanced and safe for all hair types, even permed or color-treated hair

See the ProSanté Nourishing SCALP TREATMENT Product Brief for more information.

Defending Against Damage Before It Begins: Revitalizing Shampoo & Purifying Shampoo

Without drying or stripping ingredients, the patent-pending Revitalizing Shampoo provides gentle, regular cleansing, while Purifying Shampoo provides clarifying removal of oil, styling product and pollutant buildup. Pairing these two unique shampoos according to your own personal schedule offers a revolutionary way to maintain optimally healthy and responsive hair.

The dirt and grime your hair collects during the day can damage the surface and structure of your hair and increase stress on each strand as it clumps and tangles. Buildup of impurities and styling products accelerates the damage. The result can be hair that is limp and dull, lifeless and hard to manage. Unfortunately, many shampoos actually do more harm than good as they repeatedly strip away essential oils, rough up the hair's surface, and sap the hair shaft of its strength and vitality.

That's why both ProSanté shampoos DON'T contain harsh chemical ingredients such as DEA or SLS, and why they DO offer unique and exclusive benefits when used as a team:

Revitalizing Shampoo #31690 10 fl oz - 296 ml

- Features a patent-pending cleansing system of naturally derived cleansing agents – No DEA, SLS, or SLES
- Formulated with humectants and a vegetable derived protein for a smoother hair cuticle, better behavior and control
- Invigorates and balances scalp and hair without over-hydrating or drying
- pH balanced; safe for use on all hair types, even permed or color-treated hair

Purifying Shampoo #31691 8 fl oz - 237 ml

- Features exclusive system of naturally derived cleansing agents – No DEA, SLS, or SLES
- Intensely deep-cleans while protecting color, texture and natural moisture and lipid balance for additional body, exceptional shine
- Gently removes residue of styling products, mineral buildup, and other environmental pollutants, on all hair types
- Ideal for healthy oil control; hair stays flake-free, naturally lustrous and bouncy
- pH balanced; safe for use on all hair types, even permed or color-treated hair

See page 4 for a helpful product usage schedule, and refer to the ProSanté SHAMPOOS Product Brief for more information.

Repairing & Rebuilding Hair Naturally: Lightweight Conditioner & Replenishing Conditioner

ProSanté Lightweight Conditioner and Replenishing Conditioner work as a flexible team, providing both light and intense repair and moisture according to the schedule that best meets your hair's particular conditioning needs. Exclusive blends of botanicals and a vegetable-derived protein rapidly restore shine, body, softness and manageability while providing essential protection against future damage, so your hair becomes increasingly healthy-looking with continued use.

The surface of healthy, undamaged hair shafts lies smooth and flat, reflecting light evenly to reveal saturated color and a glossy shine. Healthy hairs also slide smoothly over one another, and maintain a resilient elasticity that gives your hair lift and bounce. When the environment and our styling

efforts leave hair scuffed, porous, stretched and split, the result can be hair that's limp and flat, dry and frizzy, dull and colorless, brittle and prone to breakage.

ProSanté conditioners restore the natural healthy beauty and manageability of your hair by comprehensively repairing the damage caused by chemical processing, blow-drying and heat-styling, rough handling, and exposure to UV and pollutants.

Lightweight Conditioner #31693 10 fl oz 296 ml

- Smoothes and moisturize hair without weighing it down
- Restores structural elements so hair looks shiny and healthy, feels bouncy and full-bodied
- Makes combing effortless, wet or dry
- Eliminates static for easy handling and styling
- No harsh chemicals; stress-free for thin or thinning hair

Replenishing Conditioner #31694 8 fl oz 237 ml

- Permeates hair with concentrated moisture for intense shine and silky softness, plus boosted bounce and volume
- Strengthens hair structure with natural, vegetable-based protein for renewed elasticity
- Repairs surface damage and mends split ends
- Ideal for very dry, overworked or overprocessed hair
- Provides body-boosting moisture for thin or thinning hair

See below for a helpful product usage schedule and refer to the ProSanté CONDITIONERS Product Brief for more information.

Hold and Protect: Long-Lasting Finishing Spray

Long-Lasting Finishing Spray completes the ProSanté hair care system by protecting hair from environmental and UV damage while moisturizing for sleek, supple and touchable control. Non-aerosol pump, provides flexible, medium control and style-protection all day.

Since excessive brushing and combing can contribute to hair damage over time, the less you handle your hair, the better. Unfortunately, many products designed to style and hold your hair can also weigh hair down, become stiff or sticky, and add a load of stubborn residue that "suffocates" and subdues your hair's natural shine, body and bounce. ProSanté Long-Lasting Finishing Spray boosts shine and luster with no stiffness, flaking, or buildup, so your hair stays healthy-looking and easy to manage.

Long-Lasting Finishing Spray #31697 8 fl oz 237 ml

- Fine, even mist delivers beneficial moisture to keep hair soft and manageable, tame flyaways, give hair a sleek finish and help tone down frizz in curly hair
- Firm yet flexible hold, even in high humidity or wind
- Features Panthenol to strengthen hair against breakage, boost softness and shine
- UV protection sustains color and prevents sun and heat damage
- Fragrance free

See the ProSanté FINISHING SPRAY Product Brief for more information.
