# ProSanté Long-Lasting Finishing Spray

## Medium hold that also helps protect hair from UV damage

*Long-Lasting Finishing Spray completes the ProSanté hair care system by protecting hair from environmental and UV damage while providing sleek, supple and touchable control.*

*Non-aerosol pump-spray delivers flexible, medium control with no stiffness, flaking, or buildup.*

### CHALLENGE:

Excessive brushing and combing can contribute to hair damage over time, so the less you handle your hair, the better. Unfortunately, many products designed to hold your hair can also weigh it down, leaving a stiff or sticky feel, and stubborn residue that subdues your hair's natural shine, body and bounce.

### ProSanté LONG-LASTING FINISHING SPRAY:

Controls even hard-to-hold styles through humidity, wind and physical activity while remaining touchably soft and natural-looking. Medium hold allows comb-, brush-, or finger-styling without losing its firm but flexible control.

- **Manages frizz and flyaways.** Fine, even mist keeps hair soft and manageable, smoothing for a sleek, natural finish for straight or curly hair.
- **Protects against sun, wind and weather.** Helps seal out frizz-inducing and curl-flattening humidity, while holding its own against wind and heat.
- **Strengthens hair** and boosts softness and shine with Panthenol.
- **Guards against sun and environmental damage** with UV protection and antioxidants.
- **Features Scalp Health Complex**, a unique combination of 10 derma-available vitamins, minerals and herbs that nourishes and revitalizes scalp and hair.

### WHO WILL BENEFIT FROM ProSanté LONG-LASTING FINISHING SPRAY?

- Men and women of all ages and all hair types, even colored or chemically treated hair
- Anyone with thin or thinning hair
- Anyone looking for flexible, medium hold that's never stiff or sticky
- People who want UV protection and antioxidants to guard against hair damage and color fading
