Retail Planning

Establish your goals and take small steps toward them every day.

For most of us, taking control of our lives is a dream come true. We value freedom, flexibility, and the opportunity to make money doing something we enjoy*. So how do you go from dream to reality? Take action!

Set goals you can handle, keep at it, and stay focused. Here's what these words mean.

Set goals you can handle.

You don't have to become the biggest provider of AirSource® purification systems in the nation in a week, a month, or a year. You might not want to be the biggest at all. To begin, ask yourself these questions:

- How much income do I want to earn each month or year?
- How many AirSource products do I need to sell to do it?
- What is a good initial goal for me that I can build on in the future?

Setting goals is a great motivator. When you know what you want to accomplish, you raise your chances of doing it.

Keep at it.

On the next page, you'll learn proven ways to approach prospects—people who will appreciate your role in helping them enjoy cleaner indoor air. As you contact family, friends, and neighbors throughout your community, keep track of your efforts.

Every day, write down and keep the answers to these questions:

- How many people did I approach or speak with about a free trial of an AirSource product?
- How many brochures, e-mails, or letters did I send out today?
- How many AirSource units did I place today?

As you track your activities, you'll find plenty of motivation to do "just one more thing" and increase your opportunities for success—and your income.

Stay focused.

We all know that "Rome wasn't built in a day." Thousands of Shaklee and AirSource Independent Distributors™ have built their successes over time. Write down the reasons why you joined AirSource and support the effort to clean our indoor air. For example:

- I care about people's health and well-being
- I like being in charge of my time and my life
- I want more income and freedom
- I can have that better house and provide a great education for my kids
- I'm tired of living from paycheck to paycheck
- I don't want to be tied to the same desk or workstation any longer

If you ever feel your enthusiasm flagging—and we all do from time to time—take out your list. Remind yourself about how much your success can mean to you and your family. You'll find renewed energy and purpose in a flash!
